BANDOPNEMER 1

B2 neemt geluid op uit de omgeving. Dit geluid kan vanalles zijn: mensen, machines, vervoer, dieren, wind, ruis, voetstappen, ...
 Op een heel eenvoudige manier (met een microfoon) registreer ik (rang ik) telkens korte unieke geluidsmomenten achter mekaar.
 Door een loop te maken met B1, die het geluid afspelt, gaf ik de toeschouwer / luisteraar de UNIEKE kans om dit UNIEK, VLUCHTIG moment nog éénmaal te bekijken. Maar ook hier komt er vrede aan: elk moment vernietigt zichzelf (~~VLUCHTIG~~ CIRKELE) en wordt ^{loop} opgeslokt door een ander uniek moment.

TYD!
 PUNTJE!
 + GELUID.

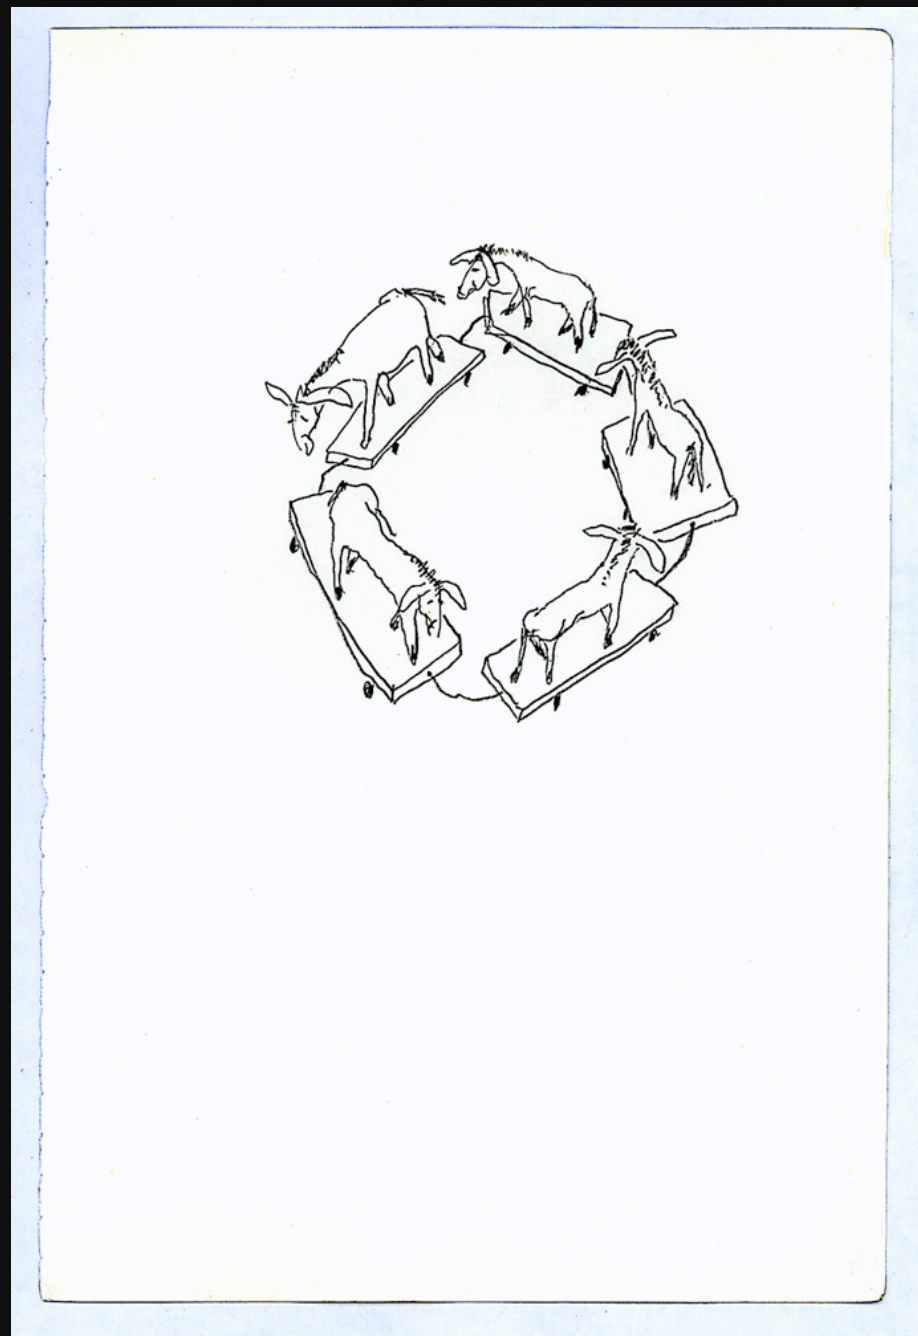

→ De band zelf is ook eendig (de kwaliteit)
 Door het lange oppervlak zal hij op de lange duur stuk gaan. In zelf de laatste slagen zullen zeker ook vernietigen
